

BATHURST WASTE MANAGEMENT CENTRE

COLLEGE ROAD • SOUTH BATHURST

Chemical Collections

Household Chemicals

Council endeavours to have a chemical collection at least once a year. Apart from this collection, chemical disposal is available through private contractors.

Agricultural Chemicals

To have unwanted rural chemicals collected phone ChemClear on 1800 008 182 to register.

Bookings are essential.

For more information: chemclear.com.au

Drum Muster

Drum Muster, available on the last Thursday of every month (9.00am-12.00pm) all year round, is a service for the collection and recycling of eligible* empty AgVet chemical containers.

Drums must be triple rinsed with lids removed and, if a metal drum, pierced at the base.

Bookings are essential. Call Council's Waste Management Centre Gatehouse: 6338 2855.

*For more information: drummuster.org.au

Prohibited Wastes

Major fines can be imposed by the EPA for deliberately dumping prohibited wastes in Council's landfill. For a full list of items not permitted at the WMC visit Council's website.

Vouchers

The Waste Management Centre accepts mixed waste and green waste vouchers that have been issued through Bathurst Regional Council rates notices.

Covering Loads

All loads must be covered with either a tarp or net to prevent littering. Fines may apply for not covering your load correctly.

Bathurst Regional Council does not accept material originating from outside of the Bathurst Region without written approval from the General Manager.
